PROFESSIONAL SUMMARY

Results-oriented senior product manager with 7+ years of experience scaling B2B and B2C products across e-commerce, edtech, fintech, and HR tech. Bridges deep technical execution with business strategy, backed by dual master's degrees from IIT Patna (M.Tech) and AKTU (MBA). Proven track record of leading 0-to-1 launches, enterprise CRM migrations, omnichannel SaaS architectures, and multi-million-dollar revenue growth through high-converting referral engines, campaign automation, and funnel optimization.

EXPERIENCE

BT Group - (EE-UK) | Product Manager *11/2024 – Present | Bengaluru, India*

Leading post-order experience, digital commerce capabilities, order lifecycle management, and revenue strategy across UK digital marketplaces.

- **Reduced support queries by 34%** and improved **transactional NPS (+2 points)** by designing self-service tracking workflows for order management, order jeopardy, and order asymmetry resolution.
- **Drove £5M in incremental revenue** by building targeted post-purchase cross-sell engines while optimizing key North Star metrics including Order-to-Call ratio, ticket TAT, and order asymmetry return/exchange funnels.
- **Spearheaded 0-to-1 marketplace capabilities** by aligning product vision across cross-functional engineering and design teams to deliver regulatory-compliant MVP features.

Aakash Technology Innovation Lab | Product Manager *11/2022 – 11/2024 | New Delhi, India*

Led enterprise Salesforce CRM strategy, end-to-end 0-to-1 CRM platform launches, legacy-to-new CRM migrations, and lead conversion ecosystems.

- **Improved lead-to-conversion rates by 10%** by conceptualising and launching an automated **lead scoring model** to score, rank, and route high-intent prospects.
- **Increased agent productivity by 55%** by executing 0-to-1 custom CRM features and seamless system migration for 5,000+ internal enterprise users.
- **Accelerated feature deployment timelines** by managing a functional team of business and product analysts while leading sprint planning, backlog grooming, and cross-team alignment with the engineering team.
- **Established multi-year CRM product roadmap** by balancing technical debt reduction with scalable architecture to support rapid business expansion.

FrontRow | Product Manager *10/2021 – 10/2022 | Bengaluru, India*

Led data products, CRM platforms, sales excellence tooling, revenue strategies, incentive funnels, finance partner integrations, and sales lifecycle products.

- **Improved user retention by 11%** by **directing a team of BAs** to optimise unit economics (CAC, LTV, Churn) and refine the sales lifecycle and incentive funnels.
- **Lifted user engagement by 8%** by designing custom data products and conducting cohort analytics using **SQL** and **Python**.

- **Expanded revenue monetization touchpoints** by managing finance partner API integrations and building automated checkout and financing flows.

Extramarks Education-Assistant Manager –Product Analyst 01/2021 – 10/2021 | Lucknow,India

Led payroll products linked to sales performance, finance partner integrations, financial reporting architectures, and team management.

- **Automated sales commission processing** by building performance-linked payroll products directly tied to real-time sales KPI tracking.
- **Accelerated payout execution by managing a team of analysts** to integrate third-party finance partners into core billing systems.
- **Optimized audit data integrity** by rebuilding financial reporting workflows and automated data validation pipelines.

Bajaj Finserv | Product Analyst 02/2020 – 08/2020 | Lucknow,India

Led credit policy automation, digital underwriting workflows, and loan application funnel optimization.

- **Reduced loan processing turnaround time** by auditing credit decisioning logic and automating underwriting funnel steps.
- **Increased application completion rates** by identifying drop-off points within the digital onboarding journey and implementing UI/UX enhancements.

BYJU'S | Marketing Analyst – BTL 06/2019 – 01/2020 | Lucknow,India

Led campaign management systems, BTL marketing analytics, and footfall trend forecasting

- **Boosted campaign ROI** by building lead analytics dashboards to measure and refine BTL marketing acquisition channels.
- **Improved resource allocation** by engineering predictive forecasting to optimise marketing team capacity planning.

Flipkart | Product Analyst 09/2018 – 05/2019 | Bengaluru, India

Led e-commerce platform performance analysis, user journey tracking, and PRD specification authoring.

- **Enhanced system processing speeds** by analyzing high-volume customer behavioral data to define platform scalability specifications.
- **Accelerated feature delivery** by converting customer pain points into granular PRDs and actionable backlogs for core engineering teams.

EDUCATION

- **M.Tech in Cloud Computing** | Indian Institute of Technology (IIT), Patna
- **MBA (IT & Marketing)** | Dr. A.P.J. Abdul Kalam Technical University
- **B.Tech (Computer Science)** | Dr. A.P.J. Abdul Kalam Technical University
